

Pest control

How can we help?

h&f
a cleaner, greener borough

H&F offers a chargeable, borough-wide pest control service to residents and local businesses.

Pests, such as rats, mice, bedbugs and cockroaches pose a risk to health when they infest occupied premises and they can also cause damage to your property.

If you find you have a problem with pests and would like a competitive price please give us a call.

We also provide advice and information to businesses and members of the public on pest control, as well as a pest identification service.

We carry out chargeable treatments for rats, mice, bed bugs, fleas, cockroaches, common clothes moth, pharaoh's ants and wasp nests.
